Fatih Arik

Full Stack Developer

hasan9091.fs@gmail.com
0683502720

Leischendam, Netherlands

Profile

Objective-driven **Full Stack Developer** with a passion for creating efficient, user-friendly web applications

Leveraging a strong foundation in both **front-end** and **back-end** development, I aim to contribute my technical expertise to a dynamic team.

My goal is to craft innovative, scalable, and secure solutions that enhance user experiences and drive business growth.

Eager to collaborate on challenging projects where I can continuously learn and apply the latest web development trends
